1. Introduction

The Busking Guidelines (guidelines) have been developed to provide information on busking and to ensure that busking is well managed.

The guidelines give consideration to balancing street entertainment with the needs of traders, residents and the accessibility of visitors. The guidelines are subject to the intent and objectives of *Subordinate Local Law No.11.4 (Busking) 2014*.

Busking on the Gold Coast is managed by both the City of Gold Coast (City) and by management agencies depending on where the busking takes place. Please direct busking enquiries to the relevant area using details provided in 'Section 3'.

Management agencies

Surfers Paradise Alliance (SPAL), Broadbeach Alliance (BAL) and Connecting Southern Gold Coast (CSGC) manage busking in their respective areas on behalf of the City. This includes receiving busking applications, running auditions, receiving busking permit fees and responding to busking enquiries.

City managed busking

The City manages busking in the City's Central Business District, Southport (CBD) and a limited number of other areas including Burleigh Heads, Nobby Beach and Miami. This includes receiving busking applications and responding to busking enquiries. Busking in the CBD is managed by the Gold Coast CBD Office.

2. Objective

These guidelines have been developed to:

- Provide the framework for managing busking.
- Provide an equitable system for busking.
- Identify suitable busking sites.
- Give consideration to balancing street entertainment with the needs of traders, residents and the accessibility of visitors.

3. Application process

Surfers Paradise / Broadbeach / Southern Gold Coast

Written application

Busking in these areas is administered by the relevant agency and the Busking Application form is available on the management agency and City websites. It must be completed and forwarded to the relevant agency by the closing date provided.

Applicants will be advised by phone or email if they have been successful in progressing to the second stage consisting of an audition.

Audition

Applicants are required to demonstrate their performance to a judging panel that will make a recommendation to the City whether or not to approve an application. Applicants must bring any equipment that is used as part of their performance to the audition.

The dates and times for auditions are available on the management agency websites. Applicants must bring proof of identity to the audition - please refer to 'Section 6' for accepted forms of identification.

At the time of audition each applicant must agree to have their photograph taken, to be used as a record of their costume and any equipment that is used as part of their performance.

Please note that being successful in progressing to the audition stage does not guarantee a busking permit will be granted.

Applicants will be advised after their audition if they are successful and provided with payment options.

The management agency will advise successful buskers of when and where to pick up their busking permit. Buskers must not busk until they hold a current busking permit.

9. Group acts

Group acts are usually limited to four (4) performers; however, larger groups will be assessed on a case-by-case basis. Each member must complete and submit an application form.

One permit will be issued that will list the names of all members of the act. Members must not perform as individuals, or without all approved members being present.

Only one permit fee is payable per act.

10. Age restrictions

Minors (persons under the age of 18 years) will be subject to additional conditions intended to minimise risk. Safety measures include specifying hours of busking and adult supervision, that is:

- Buskers under the age of 14 years - supervision required at all times (that is, 10am to 10pm)
- Buskers aged 14 up to 18 years - supervision required from 6pm to 10pm

11. Monetary appreciation

Buskers may receive monetary appreciation from the audience for their performance but are not to solicit funds in anyway.

12. Media exposure

Through the application of a busking permit the applicant automatically consents to media exposure both during the application process and whilst busking. Media exposure includes but is not limited to television, radio, photographic and internet mediums.

13. Noise levels

Amplification is only to be used when approved during the application process. If amplification is approved only battery operated amplification is permitted and the use will be noted on the busking permit.

The noise levels from the busker's performance must not unreasonably intrude into nearby shops, interrupt trade of local businesses or cause a loss of amenity.

Should noise levels be deemed to be causing a nuisance, an authorised officer may direct the busker to cease use of the amplification.

14. Personal appearance

The busker's personal appearance is to be clean and presentable at all times and any costume including footwear is to be similar to that which was presented at the audition.

The busker must advise the relevant management agency if they wish to change their act or appearance in anything other than a minor way to the representation made at the audition.

Buskers must keep the busking site clear of obstructions and ensure that their use of the site does not pose a risk to public safety.

15. Restrictions

Authorised persons may prohibit the use of any area, for example during:

- Street improvement projects or maintenance work.
- Special events, for example GC 600, Schoolies, Broadbeach music festivals.
- Public holidays, for example, Christmas Eve, New Year's Eve, Australia Day, Anzac Day.

Emergency Services may also prohibit or restrict the use of busking sites at any time.

16. The sale of goods

Buskers must not offer goods and services for sale, display, demonstrate or advertise goods for sale.

17. Public intervention

Busker must not harass, annoy or disturb any person, traders or residents, including by filming, photographing or audibly recording any member of the public.

Should a busker find them self in a potentially volatile or harassing situation it is recommended that the busker:

- Remove themselves from the situation
- Contact Police for assistance

18. Prohibited Activities

- Pavement art (chalk art).
- Use of dangerous objects and materials.
- Tarot card, palm reading, fortune telling.
- Masseurs or masseuses.
- Vendors of any kind, including vendors of flashing light toys, fluffy toys, jewellery etc.
- Solicitation of money.
- Art created by spray paint.

19. Permit display

When at a busking site, Buskers must have the approval conditions in their possession and display their busking permit so it is easily readable by authorised persons.

20. Pedestrian traffic / accessibility

To ensure the continuing support of traders and the public buskers must not obstruct the pedestrian flow, public amenities, traders or delivery vehicles, including by encouraging audience formation that causes such obstruction.

Buskers must only use approved busking sites and keep clear of shopping centre/shop doorways, dining areas and emergency exits.

For busking sites located near a road buskers must perform on the kerbside of the footpath so that the audience is positioned away from the roadway.

21. Permit transfer / refunds

Permits are not transferable or refundable and apply only to the nominated busker.

22. Public liability

Buskers are not insured under the City's public liability insurance policy and as such are not covered for any injury or damage that they may cause to another person or property as a result of the actions of the busker or the buskers performance.

Where a busking performance involves equipment, instruments, props or actions that have the potential to injure a person or damage property, the busker will be required to supply to the City evidence of their broadform public liability insurance. The policy must be for at least \$10 million.

Busking performances that are considered low risk, that is performances or acts that have minimal potential to cause injury to the public or damage to property will not be required to provide proof of public liability insurance. It is however strongly recommended that buskers hold their own public liability insurance.

23. Cessation and/or relocation

Where a complaint has been received and the complaint is deemed to be justified, a busker may be directed by an authorised person to cease busking. Examples of where this may occur include:

- Excessive noise or amplification level.
- Exceeding permitted duration times.
- Causing a public inconvenience or nuisance.
- Causing harm to the public or property.
- Any other breaches of permit conditions.

When directed to cease busking the busker must immediately comply with the request. Failure to do so may result in the suspension or cancellation of their permit.

Authorised persons or Emergency Service personnel may require the busker to relocate to another busking site for the duration of any particular works that are being carried out in the area.

Buskers must comply with lawful directions by members of the Queensland Police Service and any other emergency service, for example, SES.

24. Cancellation of permits

The management agencies may recommend to the City that a permit be suspended, amended or cancelled if the busker fails to comply with the requirements and conditions of approval.

The City may issue a show cause notice to the busker, giving reasons for the proposed suspension, amendment or cancellation of the permit.

The show cause notice will allow the busker to respond within a specified period as to why the permit should not be suspended, amended or cancelled. A decision notice will then be issued by an authorised person at the expiration of the specified period.

Examples of when the City may issue the busker a show cause notice include when the busker:

- Is deemed by the City to be causing a nuisance, behaving in an offensive, inappropriate, dangerous manner or contrary to the amenity of the area.
- Is causing an obstruction to pedestrians or vehicular traffic or entrances to shops/buildings.
- Is interfering in any way with an approved entertainment or activity without permission.
- Is selling or offering for sale any articles or commodity.
- Is not maintaining an acceptable standard of personal appearance and hygiene.
- Does not display or have in their possession their busking permit.
- Constitutes a risk to public safety.
- Breaches the conditions of their permit or busking guideline criteria.

25. Additional terms and conditions

- Comply with all busking permit conditions.
