Privacy statement

Council of the City of Gold Coast (Council) is collecting your personal information in order for us to calculate infrastructure charges in accordance with the *Sustainable Planning Act 2009* and other legislation. This information will only be used by authorised Council officers for the purpose of calculating infrastructure charges and ensuring our records are accurate. Some of your personal information may also be made available to Gold Coast Water and Council's Planning and Development Online website for public viewing in accordance with the *Sustainable Planning Act 2009*. Your information will not be given to any other person or agency unless you have given us permission or we are required by law.

All rates are based on areas fully serviced by Gold Coast Water. See notes for filling out this form for rate adjustments in areas not fully serviced by Gold Coast Water.

Reconfiguration of lot application	Type	Proposed No of lots	Existing No of lots	Rate per lot
Enter the appropriate number of lots	• Residential lots			\$28,311.20
	• Non residential lots			
	• Management lots			

Residential land use (material change of use and building application only)	Type		Proposed qty	Lawfully established existing qty	Rate per dwelling

Confirmation that GFA is as per Queensland Planning Provisions definition (see notes for filling out this form)

Lawful use operating at date of lodgement

If not, date of use ceasing ___/___/___

IMPERVIOUS AREA CALCULATION (applicable only to non residential and mixed use developments)

Impervious area	Advise the total impervious area for this development below. Note: Mixed use developments will be charged at the non-residential stormwater rate for all proposed impervious areas unless it can be shown by the applicant that specific impervious areas are for exclusive residential use only.				
	Total impervious area (A)	Total exclusive residential impervious area (B)	Net total impervious area (A – B = C)	Rate per impervious m²	
Proposed	m ²	m ²	=	m ²	\$10.10
Existing	m ²	m ²	=	m ²	

Calculation example

Note

Mixed use developments will be charged at the non-residential stormwater rate for all proposed impervious areas unless it can be shown by the applicant that specific impervious areas are for exclusive residential use only

Impervious area = Area of roof + car parking area + pool area + paved area

Total roofed area	Total vehicle surfaces (road, parking, driveway, etc)	Total other impervious areas (including (pool, pool surrounds, pavers etc)
360 + 525 = 885m ² (A)	+ 1000m ² (A)	+ 700m ² (A)
Total exclusive residential impervious areas		
= 1,525m ² (C)		Rate per impervious m ²
		\$10.10

Notes for filling out this form	
Use of this form	Use this form to provide Council with details of a development application to assist Council in the calculation of infrastructure charges.
Rate adjustments in areas not fully serviced by Gold Coast Water	<p>All charge rates are based on areas fully serviced by Gold Coast Water. In areas not planned to be fully serviced by Gold Coast Water, rate adjustments will apply.</p> <p>Areas in the City's local government area which are not planned to be serviced by water supply or wastewater are identified in clause 8.3 (water supply service area) and clause 9.3 (wastewater service area) of the Council's Local Government Infrastructure Plan (LGIP).</p> <p>In these areas, the assessable demand rate will be reduced by Gold Coast Water's water supply or wastewater component of the charge depending on which service is not planned to be provided. If the development is in an area:</p> <ol style="list-style-type: none"> a. not planned to be serviced by water supply, the assessable demand rate will be reduced by 10.9% b. not planned to be serviced by wastewater, the assessable demand rate will be reduced by 33.6%.
Charging categories	Use the column "City Plan use definitions" or "2003 Scheme use definitions" (as applicable) on the right of each page to determine the appropriate charging category.
Common areas	<p>At Council's absolute discretion, if it can be clearly demonstrated that specific common areas apply to only one charging category then charges for that common area will be determined on the charge rates for that charging category.</p> <p>If a development includes an area which is common to two or more charging categories and no clear breakdown of these common areas attributable to a particular charging category is provided, the assessable demand for the common area will be based on the charging category with the highest charge rate.</p>
Credits for existing lawfully established use	<p>Credits will be provided in accordance with section 3 (credits) of the City's charges resolution. Enter the number of existing dwellings/units or the gross floor area of any existing use against the appropriate charging category. Use the "included land use" column on the right as a guide to determine the appropriate charging category to use.</p> <p>Evidence of the prior lawfully established use must be provided.</p>
Gross floor area (GFA)	<p>Means the total floor area of all storeys of a building (measured from the outside of the external walls or the centre of a common wall), other than areas used for the following:</p> <ol style="list-style-type: none"> a. building services, plant and equipment b. access between levels c. ground floor public lobby d. a mall e. the parking, loading and manoeuvring of motor vehicles f. unenclosed private balconies whether roofed or not.
Not-for-profit organisations	<p>If you are a not-for-profit community group, you may be entitled to a rebate on the charges you must pay. You will need to fill out the "Application for infrastructure offset agreement, infrastructure payment deferral or not-for-profit rebate request" form contained in your application kit.</p> <p>Please note that assessment of "not-for-profit" applications will not be conducted by the City when assessing infrastructure charges.</p>
Exemption under section 5 of the charges resolution	Section 5 of the charges resolution details exemptions that may be available. If an exemption is sought, please attach relevant evidence.
