<p>The novice's guide to Web 2.0</p> <p>Meeting Room 1</p> <p>A whirlwind tour around today's web. Find out exactly what Web 2.0 means, why it matters, and what it can do for you.</p>	<p>Ask a 'silly question' session</p> <p>Meeting Room 2</p> <p>There is no need to put off asking questions about technology for fear they will appear silly. The chances are, if you have a question, someone else wants to know exactly the same thing. So come along, share your questions over a cup of tea, and we'll share the answers.</p>	<p>Welcome to the online library</p> <p>Meeting Room 2</p> <p>The online library offers a range of resources for learning and leisure. Find out what's available to you and how to access it.</p>	<p>No cost computing : free software for your personal PC</p> <p>Meeting Room 1</p> <p>Just bought a new PC and looking for low-cost software options? Or perhaps you're interested in adding to your software repertoire. Come along to this information session and find out where and how to find free software for your personal computer.</p>	<p>Privacy and managing your online presence</p> <p>Meeting Room 1</p> <p>Web 2.0 has brought new dimensions to the web, allowing us to socialise, create web content, collaborate and share information and ideas. But what are the privacy implications and how do you manage your online presence? Join this session to find out the answers to these and other questions on privacy and Web 2.0.</p>	<p>Downloadable delights : an introduction to eAudiobooks</p> <p>Meeting Room 2</p> <p>Find out how to access popular fiction and non-fiction eAudiobooks from the online library. Learn how to load your MP3 player full of good reads and download entire electronic books right to your desktop.</p>

Gadget gurus

Book a one-on-one, 20-minute consultation with one of our resident gadget gurus. Bring along your :

- MP3 player or iPod
- digital or video camera
- mobile phone

We'll show you the basics and point you to resources for troubleshooting. Don't forget to bring your device's instruction booklet and the cable you use to connect it to a computer (if applicable).

Please advise what type of gadget you'll be bringing along when making your booking, so we can pair you with the right expert.
