

Community information sessions

Significant initiatives to improve the health of the Lake Hugh Muntz ecosystem are underway.

Community information sessions to provide details of these important activities have been arranged by Division 12 Councillor Pauline Young.

These sessions will focus on the recent Multi-Criteria Assessment (MCA) that evaluated 31 potential options to help restrict algal blooms.

You are invited to attend one of the four sessions to be held at the Mermaid Beach Community Centre. This location has been chosen to meet COVID-19 safety requirements, protect against adverse weather and to enable

audio-visual information to be screened.

We encourage you to read the MCA before attending. Please visit our [Lake Hugh Muntz webpage](#).

Location

Mermaid Beach Community Centre
2439 Gold Coast Highway
Mermaid Beach

Please note that each session has a capacity limit of 20 people.

Registration information

Submit your registrations via email to:

lakehughmuntz@goldcoast.qld.gov.au

Please respond by

Monday, 27 September

Nominate the session you wish to attend, provide your name and an email address.

Light refreshments will be provided.

You are welcome to outline your interests and/or concerns about the lake so we can provide you with the relevant information.
